Attached please find a copy of previously faxed filed Powers of Attorney, together with a copy of each respective fax cover sheet. The attached Powers of Attorney were originally filed on January 26th and 27th, and then again on April 12, 2005. To date, none of the respective Powers have been recorded. We are filing these Powers so we may finalize our PAIR set up. These lingering Powers of Attorney are holding this process up. Seeing that it has been 3 months and the delay is on the USPTO's account, we respectfully request that you promptly review and process the attached Powers so we may proceed with our PAIR set up.

Please contact me at the above number with any questions or concerns.

Dear Sir/Madam,

At the suggestion of Charles Welch at the Patent Electronic Business Center, I am attaching hereto various Revocations and New Power of Attorney Forms that were originally faxed filed on January 26, 2005 and January 27, 2005, respectfully. As of today's date, these Powers of Attorney have not been recorded against each respective application/patent. Seeing that it has been over 2 months and we still have not received any communication from you regarding the status of these Powers, I am faxing the attached to you for prompt review and processing. The processing of these Powers is necessary so we may finalize our PAIR set up. As a result, we would greatly appreciate you processing the attached as soon as possible.

Thank you.
